Address: 47 Aviary Way Crawley Down Crawley West Sussex

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this planning application on several grounds, related to lack of infrastructure and reduction in strategic gaps between settlements. Firstly, there are not enough school places. Despite

the school expanding recently parents still have to drive children to Felbridge primary (which will soon not have places either given the amount of new housing near that school). Secondly, it has for some time been very difficult to get a doctors place in the village. Thirdly Turners Hill Road will not be able to cope with the additional housing. Fourthly the gaps between East Grinstead, Crawley Down, Crawley and Horsham are constantly being reduced. They should be kept as separate settlements, not merged to become one large continuous urban area.

Kind regards
