### Comments Details

**Commenter Type:** Neighbour or general public

**Stance:** Customer objects to the Planning Application

**Reasons for comment:**

**Comments:** I object to this development. The developers seem to have incorporated details which they think would attract people, but at the end of the day the only Villagers likely to benefit from this

estate are those interested in social housing. I think the rest of the housing would be purchased and occupied by people from outside the village. These residents would put further strain on the Health Centre, already unable to provide appointments for existing residents, and the schools serving the Village. They would also need to drive to the local shops with inadequate parking and cars blocking bus routes. This overdevelopment of our Village will only harm our environment, not enhance it.
