Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The blocks were originally agreed as there was only going to be 3 and wouldn't look out of place. The blocks just about fit the amount of cars for the blocks that are here. The original application they only did enough spaces for 1 per household. These are 2 bed apartments and most flats have 2 cars. This will lead to more parking on the road which is a public footpath. There has already been 2 crashes (that I know of) on that road with members of the public to the traffic. It's a footpath to

the school and asking for more cars is a recipe for disaster.

The work men would cause a huge issue again with parking and the amount of dust and dirt that comes with it. The flats are so dusty as it is being so close to the road let alone more building work going on.

This application feels like the company are just trying to throw housing anywhere they can even if it ruins the look and causes issues for the residence. people move to Haywards Heath as it's a nice area not a concrete jungle on a busy road!

Kind regards
