Reasons for comment:	
Comments:	Hi Katherine I'm owner occupier of 2 Osborne Mews and one of the Directors of the Osborne Mews Management Company (OMML). I wanted to note that I am not in favour of this work progressing. My concerns are that the five Mews houses are symmetric and have a uniform facade presented to Victoria Park. Residents have always been protective and proud of that shared architectural view. No.5s build proposal would immediately change that symmetry and in my view reduce the overall look and feel of the mews properties, reducing desirability of the combined properties and ultimately market value of the other properties. I am also concerned that any approval of this change may be seen as a vanguard for ongoing proposals from current or future owners - including proposals to modify shared areas of the property.

From a conduct perspective, I think [REDACTED] has not been successful in bringing his neighbours on this journey and has actively ignored their views.

Happy to have a conversation if that would help

Kind regards
