Good Afternoon Sam,

Thank you for your email.

We change this to either services or mains application?

As the application is less than 30 we can confirm there is enough capacity on the network.

Kind Regards,
Laura

Hi Laura

I understand the main is in College Lane so I'm happy to either run 6 new services to the site boundary and connect to the main or lay a new main within the site.

At this stage I am just looking for confirmation that there is enough water supply for 6 new connections

Many thanks

Good Morning Sam,

I hope you are well.

For the above NARS we would not need to carry out a pre-development as it is below 30 connections.

Please can you advise if you will be laying mains or connecting to an already existing main?

Kind Regards,
Laura
