Hi,

Good day.

My family and I live in one of the flats beside the proposed entrance for the construction. As much as we want to oppose to the planned construction of houses beside us because of the disturbance it can cause, we also support development in the community. However, having the entrance alongside our property is something we want to oppose. We are genuinely hoping for the entrance to be from the other side of the road as much as possible, as it can get very crowded in this area with construction vehicles. This area had been a good walking area for people and safe space with kids, with a pathwalk to Tesco and a safe parking areas for residents. Personally, my as healthcare workers who work different shifts in the hospital, having construction vehicles coming in and out beside our property will definitely disturb us during our anticipated resting time.

We will appreciate your kind understanding of the residents' concerns.

Kind Regards,

[REDACTED]
