7. No drawing supplied should be used for a building contractor to quote from.
8. Any discrepancy between information contained within the drawings and the actuality on site must be immediately relayed to JustPlans upon discovery.

B. RELATING TO THE TERMS OF SERVICE:

1. The .dwg file (.CAD file) remains the exclusive property of Just Plans Ltd.
2. Any changes or amendments required to the draft extension design must be clearly drawn and if or annotated on the draft drawings and returned to JustPlans Ltd in either hard or soft copy format.
3. JustPlans commits itself to providing one opportunity for amendments to the draft design as described in paragraph 2 above. Unless otherwise agreed in writing, JustPlans Ltd does not agree to provide additional opportunities to further amend the design.
4. In the event that more than one change to the draft design is nevertheless provided by us, beyond the terms of paragraph 3 above, be advised that such additional modifications greatly increase the likelihood of errors arising in our database and that of any other affected parties. Digital drawing files may become too large to email or work with and digital copies may become corrupt. In such circumstances, JustPlans Ltd is not liable for any resultant problems, whether relating to our own digital files or those of other third parties including the local council.
5. Although our drawings are normally produced using CAD, we offer no guarantee that digital copies of drawings will be lost on file.
6. Any digital copies of drawings which JustPlans Ltd agrees to supply are subject to these terms.
7. When a planning application is received by the local authority it is checked for suitability by the planning administration team. JustPlans Ltd gives no guarantee that any application made on your behalf will receive immediate validation and indeed it is common for the validation process to take a considerable period of time.
8. JustPlans Ltd offers no commitment to provide any service for taking part in or negotiating with any professional person or body for any part of the construction process, including any building contractor, structural engineer or council officer.
9. No guarantee is provided that any drawing supplied will be granted planning approval or can be built without obtaining specific planning approval. Planning permission guidelines are general in nature, vary significantly between councils and are in a state of constant flux. Most councils award or deny planning approval based in part upon a subjective assessment of the merits of each individual property in relation to the immediate environment. Because of this broad discretionary power it is impossible to predict with certainty or even high accuracy whether a proposal will receive or be denied planning permission.
