Good morning Peter
Thank you for your SuDS submission. I have reconsulted the Flood Risk & Drainage team today and their comments are expected by 21.10.2026.

As a result I will be unable to make a recommendation for the decision on your application to be issued until after that date has passed. As a consequence, I request your agreement to a further Extension of time for the Decision Target Date to **30.10.2026** to allow for the finalisation of my report and senior office review of the recommendation. I am very sorry for this delay in the determination of your application.

Please can you confirm your agreement to this new date by return email.

I look forward to hearing from you.

Regards Anna
