[REDACTED]
Dear Sir or Madam,

Please see email objection dated 26 September below, addressed to Susan Dubberley as indicated on your website for objections to Planning application Reference: DM/26/2178.

My email was returned twice as 'undeliverable' and today (the last day for objections), and yesterday and today your web service is unavailable.

Please ensure that my objection is included in the review/decision process for this application, thank you.

Yours sincerely

Subject: planning application Reference: DM/26/2178

Dear Ms Dubberley

I write to submit my objection to planning application Reference: DM/26/2178 for 6 houses on College Lane in Hurstpierpoint.

My primary concerns are access to public transport for pedestrians, increased traffic (busy-ness during school hours, air and noise pollution), road safety and pedestrian safety. Walking up College lane is a hazard due to no pavements; and turning onto Wickham Hill/Hassocks Road at the top of the lane is hazardous with the speed of traffic approaching from Hurstpierpoint village.

The village may need some affordable housing, however the proposed more expensive houses will not address those needs. Furthermore, supporting infrastructure (water supply, wastewater, sewerage, schools, health) need to be considered.

Please let me know when my objection has been submitted.

Thank you, I look forward to hearing back in due course.

Yours sincerely
