Hi Catherine,

The door we're intending is something like this:

<https://www.valuedoors.co.uk/product/chartwell-green-whitmore-composite-door-48mm-timber-core/>

We'd like a composite material (for low maintenance/better security), but in a Victorian style and colour. The frame should match the door colour too (it won't be white, as in this example).

Let me know if you need anything else,

Kelly

Hi Catherine,

There are no gates to impede access - you should be able to walk up the driveway to see everything.

Thanks

Kelly

Subject: RE: DM/24/2795 16A Sunte Avenue, Lindfield, Haywards Heath, West Sussex

Hello Kelly,

Re: 16A Sunte Avenue, Lindfield, Haywards Heath, West Sussex

DM/24/2795: Bricking up existing timber side door. Changes to fenestration and internal alterations at the rear of the building.

Thank you for getting back to me to confirm the new description. I now need to arrange a site visit. I will be in the area in the morning on Friday 29th November and would require external access to the rear of the property. It is not necessary for me to see inside the house and, as such, if a gate could be left open this would enable me to see what I need to. Please can you let me know whether this would be convenient.

Kind regards,

Catherine

You don't often get email from kelly@kmarchitecture.co.uk. [Learn why this is important](#)

Hi Catherine, that's fine.

Thanks

Dear Ms McNally,

Re: 16A Sunte Avenue, Lindfield, Haywards Heath, West Sussex

DM/24/2795 Changes to fenestration and internal alterations at the rear of the building

On reviewing the above application, I have noticed that the blocking up of the side door has not been included in the current proposal description. I therefore propose to amend the description to read as follows:

“Bricking up existing timber side door. Changes to fenestration and internal alterations at the rear of the building.”

Please can you confirm your acceptance of the above amendment.

Kind regards,

Catherine Cardin
