Reasons for comment:	
Comments:	Planning Application DM/25/2223 - Juhring and Hobbs Field, Saint Hill Manor
	Dear Mr Watt,

I live just across the road from the field and I wanted to say how much I support this plan.

When Saint Hill has events, the traffic and parking are a real problem. Cars end up blocking the road or parking dangerously, and it can get quite unsafe and stressful for everyone. If the field is used for parking, it quickly turns into a mud bath in the rain, which looks awful and doesn't work well either.

Having a proper car park with toilets, and better space for event parking, would make such a difference. It would keep the road clearer, make things safer, and stop the field getting ruined. It would be better for us who live nearby, and also nicer for the people going to the events.

I go for walks daily to the EG Sports Club and notice that sometimes their car parks are exceptionally full and they also use Saint Hill as an overflow car park, so this new facility will also help the community at large.

So I really do hope this application is approved.

Kind regards
