Dear Mr Myhill

Reference: DM/26/0251

Proposal: Erection of a detached single-storey outbuilding for use as a home office and gym, incidental to the main dwelling.

Location: 34 Newlands Balcombe Haywards Heath West Sussex

I am writing with regard to the above application.

The Council is required to determine whether the application should be accompanied by an Environmental Impact Assessment in accordance with Regulation 8 of the Town and Country Planning (Environmental Impact Assessment) Regulations 2017.

The site is within the High Weald Area of Outstanding Natural Beauty which is defined as a sensitive area in regulation 2(1). In the opinion of the Local Authority, the proposed development would not be likely to have a significant effect on the environment by virtue of the factors such as its nature, size and location.

Accordingly, the Local Authority directs that the development for which planning permission is sought by the application reference number DM/26/0251 is not EIA development. Consequently, no Environment Impact Assessment is required to be submitted with the planning application.

Yours faithfully

Ann Biggs
Assistant Director Planning and Sustainable Economy
