Subject: Planning application DM/17/2098 - Hammonds Place, Burgess Hill

Dear Mr Gosling

I write with regards to the above planning application pending consideration with the local planning authority.

As discussed, due to both myself and Emily taking leave recently, we have been unable to conduct a site visit as yet and I would therefore be grateful if you could confirm an extension of time, to allow for Emily and myself to visit the site and assess the proposal.

Emily and I are potentially available to visit the site next Monday afternoon (7th), Tuesday 8th or Wednesday morning (9th) if convenient to your client. Emily has advised that she would like to access the property to assess the proposal from inside the property as well as outside.

From further inspection of council mapping records, it would appear that part of the front garden area to Hammonds Place falls within the highways boundary and therefore it may be the case that any form of enclosure in this location would need to be re-located. I have consulted with the Highways Authority at WSCC for their comments on the matter.

With the above in mind, would you be willing to agree to an extension of time to the 22nd August to determine the application?

Please do not hesitate to contact me should you wish to discuss further.

Kind regards

Debbie.
