Reasons for comment:

Comments: I am writing to express my support for the above planning application.

I previously submitted objections to applications DM/25/0014, DM/25/0015, DM/25/0016, and DM/25/0017. While those applications were approved, I had specific concerns at the time, particularly regarding access arrangements.

Having reviewed the current proposal, I am satisfied that these concerns have now been addressed. In particular, the revised access arrangements represent a clear improvement and resolve the issues I previously raised.

On this basis, I would like to formally state my support for the current application.

Kind regards
