| Reasons for comment: |                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| Comments:            | <p>The benefits of Non-League sides converting from a grass pitch to 3G surface is one that can clearly be seen at other clubs in Sussex, so I support Burgess Hill's decision to pursue this development at Leylands Park.</p> <p>Turning what is currently an asset only used a few times per week at most currently, to one that will be of use to the community on a daily basis not only allows the club to create new revenue flow,</p> |

but prevents the uncertainty of loss of revenue in the autumn and winter months - among the busiest months for clubs in Non-League - due to waterlogged or frozen pitches.

---

Kind regards
