Reasons for comment:	
Comments:	I fully support this application. Sport and physical activity is essential for young people's health and wellbeing. The club are doing a wonderful job of supporting young people from burgess hill and the wider community. The current grass pitch is often unusable due to adverse weather conditions, meaning many young people miss out on regular football and some drop out altogether due to this inconsistency of matches and training

opportunities.
This improvement would be hugely beneficial.

Kind regards
