Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I fully support this application. Not only will it provide advantages for the club itself but with the addition of an acoustic barrier and modern floodlighting there will be reduction of the club's impact on neighbouring housing. The provision of modern floodlights with energy efficient bulbs will demonstrate the clubs continuing commitment to reduce it's impact on the environment as a whole.

Kind regards
