Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Whilst I do not live close by to Saint Hill, I am a frequent visitor there and have attended several events where insufficient parking has caused difficulty particularly when cars have parked on the highway and there have been pedestrians walking in the road.

This can be hazardous particularly at night or in winter months. Whenever there have been large events there, my experience has always been that Saint Hill has managed the existing parking well and deployed sufficient staff to control the site smoothly, but it is clear that more parking space is needed to make the highway and immediate safer. I am pleased to support this planning application to extend the parking.

Kind regards
