Derar Katherine

Good to talk to you just now.

We agree to the eot of 25th April.

I confirm our conversation as the rooflights in question are already there, they are an existing opening already formed, so no new structural alterations proposed for their formation.

The new rooflights will therefore sit within the newly rebuilt roof structure of what will be former Dumbrells soon to be Somners, not above the rafters but rather within the roof structure.

I can confirm that the proposed rooflights would be installed flush, as conservation rooflight image below to give that lovely smooth line, no proud horrid sticky up bits!

I trust that assists.

Kind Regards Jo

Hi Jo,

Please see the attached email from Emily, which requires further detail regarding the proposed rooflights.

To allow this further information to be submitted and for the application to be determined in time I would like to request an extension of time to 25th April, please let me know if this is acceptable?

Kind Regards
