Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Regarding application to fell trees no. 0300 and 0585 subject to a TPO ref. BH/02/TPO/92 and forming part of the Woodland area known as W1, I understand and agree with the reason for the request to fell. However, would permission for such work only be given on the basis that Burgess Hill School replace them with a suitable tree to protect the woodland area and our amenity? Any such replanted trees to be subject to a Tree Preservation Order. The appearance of the area will be affected by the loss of these trees and also the felling of the northern stem of tree no. 0586. These trees are in a conservation area and contribute to the green

amenity space behind our property in Glendale Road and others
in Silverdale Road and Ferndale Road. Thank you.

Kind regards
