

KEY	
1	Clay red/orange multi stone brick with light weathering and sand faced texture to match Rockford House. Stretcher bond and projecting eiff brack/spears
2	Clay plain tiles, sand faced, weathered red/orange multi to match Rockford House Broken bond coursing. 205 x 105 mm, double center line (or single center to match existing—confirm on site). Purpose-made eiff tiles at external corners, tile end-a-half at verges/abutments; chased verge tiles where exposed.
3	ROOF TILES: Clay plain tiles 205x105, weathered red/orange, with Clay single ridge & batten hips to match existing, mech fixed, lime-sand mortar finish. Chased verge tiles (or undercloak & mortar) multi to match Rockford House. All to match Rockford House.
4	Open eaves with sponklets finished white
5	Rain water Gutter: Cast aluminium PPC black (RAL 9005)
6	Windows: Painted timber side-hung casement windows to match the approved elevation glazing pattern. Frames, opening casements, mullions and glazing bars to be painted timber. Windows to be factory finished in a heritage white painted finish, such as F&S 9001 Cream or an equivalent traditional off-white colour. No externally visible trickle vents.
7	External front doors: Painted timber external doors with painted timber frames. Door panel arrangement to match elevations. Door frames to be finished in RAL 3001 Purple Blue, with painted finish. Door frames to be finished in RAL 9001 Cream / Heritage White to match the proposed painted timber window finish, unless otherwise shown on the approved elevations.
