Commenter Type: Neighbour or general public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Having moved here almost five years ago, it was understood that this was a quiet area with lovely trees and wildlife. My concern is that my property will decrease in value since my valuation I had two years ago when it was a beautiful and quiet. Now I hear beeping most days from the forklift truck and vehicles reversing. Also exhaust fumes as the vehicles are parked very close to my home and garden. This is a concern also for my health as I am retired in my 70's. Also concerned now about drainage with heavy rain downpours and the constant view of industrial vehicles and

not nice any more looking out of my window and sitting my
garden. Trees have also now gone.

Kind regards
