Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I am making an objection to this mast, which will be very unattractive, potentially noisy and dangerous to the health of local residents and wildlife. There is increasing evidence from many surveys and sources that 5G can have a detrimental effect on life, even in government data,

therefore these masts and associated infrastructure should not be approved.

Kind regards
