Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this application on both environmental ground, and the health effects. in addition I do not believe 5g is necessary, but by it's enabling mass surveillancce also encroches of civil libities and rights to privacy. the EU government, which our PM is taking us into, has called for

a moratorium on 5g on health grounds, and as such the installation should be stopped.

Kind regards
