Details of the pre-application advice received

Dear Will,

Further to our conversation yesterday, I'm just writing to confirm the work around we discussed:

A s96 Non-Material Amendment application should be submitted in respect of the original planning permission DM/15/1365 for the following;

Delete the wording in the brackets from the description (bat statement and survey received 24/7 and 7/10 and barn owl survey received 1/10)
Add a new condition (no.11) to list the approved drawings

Once submitted the NMA will be determined as quickly as possible.

The submitted s73 application will be held as invalid until such time as the NMA has been approved and subsequent information updated:

A new application form submitted with the description – Variation of conditions 8 and 11 of planning permission DM/15/1365 (as amended by NMA ****) to enable changes to the approved design

You may wish to provide an updated design and access statement.

If there are any changes to the approved details associated with condition 4, when this condition should be added to the description as well.

Once the above updated information is received the s73 application will be validated.

I trust that this make sense. Any queries, please do not hesitate to contact me.

Kind regards

Steve Ashdown BA (Hons) DIP TP MRTPI

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
