Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I fully support the request to have the Pine Tree removed and then replaced. The Pine Tree is too close to the private / shared driveway that now gives access to a number of houses / flats that my construction company has built. Also the Pine Tree is leaning towards the shared driveway which I understand is a warning sign. Also, the Pine Tree is too close to the road / other properties / and the high risk to the public and children going school.

Please allow the owner of the Pine Tree have the application approved.

Kind regards
