[REDACTED]

Please circulate this email to the committee members before the meeting on Thursday 22nd April.

Objection to DM/24/3077

Providing no housing at all on this site so close to Haywards Heath station is in direct contravention of the Housing Minister's 'National Planning Policy Framework'. The new policy will probably be formally issued in April.

Sites like this plainly need 4 or 5 stories of apartments above the retail space and car parks.

Every time a site like this fails to provide housing, more of the precious open countryside of Mid Sussex is condemned to be built over.

I have no objection at all to another supermarket, but must object in the strongest possible terms if there is to be no housing on this site next to the station.

Yours sincerely,

[REDACTED]

Garden House, Balcombe, West Sussex RH17 6PB
