Dear Graham,

Thank you for your email.

The plans submitted are sufficient to consider the application, however the condition require large scale plans showing greater detail of the windows and doors and their position within the walls.

Kind Regards

Dear Katherine,

Many thanks for your mail. This sounds fine to me.

Just to be certain, do you consider that adequate information regarding the front porch has already been provided in the drawings we submitted?

Best regards,

Graham

Dear Graham,

I am writing with regards to the above applications.

I have noted that the original consents included the below condition, which was not discharged prior to commencement of works.

No development shall be commenced until detailed drawings, including elevations and sections, at an appropriate large scale and annotated to show materials and finishes, of the new entrances including the associated windows and doors have been submitted to and approved by the District Council. The development shall then be carried out according to these details.

Reason: To preserve the special character of the building for the future and preserve the character of the Conservation Area and to accord with P Policies DP26, DP34 and DP35 of the District Plan and Policies EG3 and EG4 of the East Grinstead Neighbourhood Plan

Given the works that have taken place on site I would like to suggest the below amended wording to solely relate to the replacement front porch, which has not yet commenced.

No works shall commence to the proposed front porch unless or until detailed drawings, including elevations and sections, at an appropriate large scale and annotated to show materials and finishes, of the new entrances including the associated windows and doors have been submitted to and approved by the District Council. The development shall then be carried out according to these details.

Reason: To preserve the special character of the building for the future and preserve the character of the Conservation Area and to accord with P Policies DP26, DP34 and DP35 of the District Plan and Policies EG3 and EG4 of the East Grinstead Neighbourhood Plan

I hope that this is acceptable.

Kind Regards
