RH15 0RA

Dear Andy,

Thank you for re- consulting the Flood Risk and Drainage Team on the above application.

The Flood Risk and Drainage Team have reviewed the additional drainage information submitted on 22/09/25 (Compensatory Storage, Sequential Test and Evacuation Plan Revised December 2025 by EAS Ltd) in support of the above application.

No further technical information has been provided to address the previously raised concerns.

We therefore maintain our objection as per our comments of 22-05-2025.

Best Wishes

**Flood Risk and Drainage Team
