Reasons for comment:

Comments: I would like to make a further comment with regards to the development of farmland on West Hoathly Road.

Reading the latest letters to planning and despite the assurances from the developers, I am still unconvinced that the ancient woodland will not suffer any harm, nor the wildlife that it supports. This land is countryside and should still be protected.

I am also greatly concerned with the inevitable increase in traffic up the West Hoathly Road and Dunnings Road (should this development go ahead, even more so) as the road is barely adequate for current traffic use. Traffic very often speed along both of these roads in this area where the road is narrow and often only allowing one stream of traffic flow due to residents parked cars and cars stopping outside the local Sunnyside Budgens, opposite the local community space which is used by youth groups etc.

Yours faithfully

Kind regards
