Customer Details

Address: Cedar Lodge Hackenden Lane East Grinstead

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	As a regular user of the car park on Saint Hill Road, I strongly support this application. The existing parking is often full, which causes congestion on surrounding roads and makes access difficult for visitors. The proposed additional spaces and facilities

will make a significant positive difference by easing pressure on local streets, improving safety, and ensuring that visitors have proper facilities such as toilets and washrooms. The inclusion of engineered grass surfacing for temporary event parking also shows consideration for the landscape and will help the site blend in more sensitively. Overall, this development is much needed and will benefit both users and the wider community.

Kind regards
