Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I have known many of the people at Saint Hill for over a decade and have found them to be honest, diligent and caring. Their concern for the public is inspiring and the events they hold are enjoyed by thousands of the local public and by people from miles

around.

Parking has always had the potential to spoil otherwise super events, especially in the winter after much rain, so anything which adds to the enjoyment on those days rather than detracting I feel is a good thing. I'm sure the public would greatly support the convenience (and the conveniences too, I suppose).

I fully support the idea, MK

Kind regards
