Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	These alterations will allow for much safer events in the Saint Hill area. It will remove the need to park on the road and will also help provide overflow parking if needed for example when there are events at the sports/cricket club and the Rugby Club over the

road.

Having hard paving an engineered grass surfaces will greatly reduce the mud dragged onto Saint Hill road so make it much safer and cleaner for pedestrians and other road users. The big annual event at Saint Hill will also be much easier to manage as I have seen peoples cars having to be pulled out of the field by tractor! Given the large amount of overseas visitors it will be nice to present a more organised event parking facility to them.

Kind regards
