Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I have attended many great community and charity events at Saint Hill and while they always deal with the traffic very well and efficiently, the additional parking arrangements in the planning application would go a long way to make this a much better venue

for locals and the community. Additionally, their parking is often also used as an overflow for large events at the rugby club or the sports centre. I strongly support the planning application and think it will be of great benefit for everyone.

Kind regards
