Subject: DM/25/2191 Broadhurst Wood Redbridge Lane, RH17 6PP

Dear Caroline,

I have reviewed the site plans for this proposal, in relation to the trees, and the development will not impact the RPA's of the trees. There is existing hard standing between the proposed development and the trees. The proposed siting of the skip is outside of the RPA's and would not impact the trees. The trees should be protected by the Tree Protection Fencing detailed in the Part Site Plan and Tree Location and RPA drawing number 251201/15 Rev A.

Provided all the details on the Part Site Plan and Tree Location and RPA drawing number 251201/15 Rev A are adhered to, trees should not be impacted and be fully protected.

I have no objection. Please condition adherence to drawing number 251201/15 Rev A.

Kind regards

Emma
