Comments Details

Commenter Type: Neighbour or general public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: Removing solar panels from this development would constitute a significant deviation from the conditions on which the planning application was approved - a lost opportunity and a betrayal of sustainability principles.
Sharpthorne and West Hoathly already suffer from power cuts. Any new developments need to support rather than reduce resilience! It is therefore vital that MSDC refuses this application.

Kind regards
