Address: 16 Marlpit Road Sharpthorne

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I am writing to object to the fact that we have had to accept that this development is going ahead, despite the fact that the infrastructure of the village will not be improved despite the fact that 108 dwellings are being built. The Government has said that any new homes should have Solar Panels or PVC's installed as part of the build process. I am shocked that this now forms no part of the Ashill Regen Strategy

despite the fact that they used this to get the planning application through.

As a resident of Sharpthorne for 35 years we have has to suffer a large number of power cuts over the years and this development will only increase those instances.

I therefore strongly object again to this application.

Kind regards
