Dear Katherine,

I have reviewed the Arboricultural Implications Assessment (AIA), including the Tree Protection Plan (TPP) for this proposal.

I have some concerns for future pressure, particularly on T2 and T3, the oaks, but can see that these trees have been previously reduced, probably to allow more light to the existing building, so this would not affect the proposal.

Provided these trees are protected as per the TPP, I have no objection. Please condition adherence to the AIA and TPP.

Kind regards

Emma
