Reasons for comment:	
Comments:	I am submitting a further objection to the amended planning application. While I acknowledge that obscure glazing has been proposed for the north facing bathroom window, this does not resolve my wider concerns. The proposed extension is substantial and will be built very close to the boundary of my property. Based on the submitted plans, the extension will span most of the length of my back fence and will significantly alter the current

outlook. My garden is south facing and currently enjoys a good amount of sunlight and openness, which will be greatly reduced by the scale and proximity of the proposed build. The size and position of the extension will feel incredibly overbearing, impact natural light and diminish my enjoyment of both garden and home.

Kind regards
