Dear Catherine,

Following on from your message, I have revisited the updated plans, and I note that the proposed outbuilding is now smaller. It is in the same position on the site and as it is smaller, there is no change in my comments. The Arboricultural Report may need to be updated to reflect the changes, although this could easily be managed as an addendum to the report.

My previous comments still stand. I do not object. Please condition adherence to the Tree Report taking into account the updated plans.

Kind regards

Emma
