If you know which TPO protects the tree(s), enter its title or number	
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	The single tree is not protected by a TPO, but is in the conservation area. The tree is a strawberry tree (Arbutus unedo), approx 6m in hight The tree is dying. I have had a tree surgeon remove the dead wood. What remains is very unsightly so i am now requesting permission to remove the tree and replace it with another single tree from the approved list on your web site. i.e. a native species, one more appropriate to a semi-rural Sussex setting, of small/medium hight and suitable for clay soil
