For the attention of Rachel Richardson.

13/06/2025

RE: S73A in connection with Planning Approval Ref: DM/24/1886.
64 Folders Lane, Burgess Hill, West Sussex, RH15 0DX.

Please find herewith covering letter to support S73A application submitted via the Planning Portal.

We submit an S73A application to regularise the approved Surface Water drainage layout with the 'As Built' layout. Due to site levels, a pumping station has been added to the approved surface water drainage layout. Other than the addition of the pump, the approved layout including attenuation, discharge rates and point of discharge remain unchanged.

We look forward to hearing from you in due course and if any additional information is required, please do not hesitate to contact us.

Yours Sincerely

Kevin Slater,

Senior Technical Manager
