Re our previous message regarding 60 Blunts Wood Road Haywarda Heath, the builders are already putting in the windows presumably without planning permission.

Regards

Dear Ms Grist

Re your letter dated 10th July 2026 received today. We are next door neighbours at no 62 Blunts Wood Road and wish to comment on the proposed modifications to the plans. The previous plans that we saw last Autumn had no vents in the roof. We have just looked at the new plans and notice that there are roof window vents in the garage modifications overlooking our side of the property which we have not been informed about. Note the new planning application states that roof vents will be put in over the garage door side not on our side. We are not happy at this change and do not want to be overlooked and request you review the plans to change the proposed window vent modifications on our side of the property.

We look forward to hearing from you.

Best wishes
