| Comments:            | I strongly object to building more houses on the area that was sold to residents as a future school site. A school would provide essential long-term benefits by meeting the educational needs of growing families, reducing pressure on existing schools, traffic, and travel, and supporting the future of our community. Building more houses instead will only increase the population and |

demand for services while permanently removing the opportunity to provide the school our community will need.
