Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The destruction of the local landscape, the loss of the Sussex countryside and with it, its identity and wildlife, are the biggest factors in objecting for me. However, the increased car accidents, wildlife collisions and deaths of pedestrians are a huge concern. 80 dwellings will be an extra 150 cars on a road where people already speed, creating increased congestion, pollution and

deaths to people and animals.

The Sussex communities feel abandoned by the Council's refusal to prioritise people over developer's profit. Please reconsider allowing planning permission for another disastrous plan that will only place unmanageable pressure in the sewer systems, local schools and doctors and mark the loss of another irreplaceable green space. Please do not allow it, we cannot take any more.

Kind regards
