REF: DM/25/2995
DATE: 22nd May 2026

Dear Sir/Madam

Steton Works Turners Hill Road Crawley Down West Sussex

The proposed development involves the demolition of all existing buildings on-site, currently used as a garage/shed, to be replaced with two semi detached dwellings (Residential C3) and associated parking.

I advise that your application DM/25/2995 was **Granted Permission** on **22nd May 2026**.

I enclose a copy of the Decision Notice in relation to the above application. If you are acting as an Agent please ensure that a copy is given to the applicant. **Please read the notes accompanying this decision notice carefully.**

Please also be advised that this permission does not constitute an approval under Building Regulations. Before you proceed with your proposal you should ensure that a Building Control application is not required, or has been submitted.

Yours faithfully

Eric Owens
Interim Assistant Director Planning and Sustainable Economy

Mr James Meachim
ECE Architecture Limited

**TOWN AND COUNTRY PLANNING ACT 1990
TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE)
(ENGLAND) ORDER 2015**

PERMISSION

REFERENCE: DM/25/2995

DESCRIPTION: THE PROPOSED DEVELOPMENT INVOLVES THE DEMOLITION OF ALL EXISTING BUILDINGS ON-SITE, CURRENTLY USED AS A GARAGE/SHED, TO BE REPLACED WITH TWO SEMI DETACHED DWELLINGS (RESIDENTIAL C3) AND ASSOCIATED PARKING.

LOCATION: STETON WORKS, TURNERS HILL ROAD, CRAWLEY DOWN, WEST SUSSEX

DECISION DATE: 22 MAY 2026

CASE OFFICER: JOANNE FISHER - JOANNE.FISHER@MIDSUSSEX.GOV.UK

The Council hereby notify you that they **GRANT** planning permission for the above development to be carried out in accordance with the submitted application and plans and subject to compliance with the following conditions:-

Conditions

1. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

2. **Approved Plans**

The development hereby permitted shall be carried out in accordance with the plans listed below under the heading "Plans Referred to in Consideration of this Application".

Reason: For the avoidance of doubt and in the interest of proper planning.

3. Any works which will impact the breeding / resting place of bats, shall not in in any circumstances commence unless the Local Planning Authority has been provided with either:
- a) a licence issued by Natural England pursuant to Regulation 55 of The Conservation of Habitats and Species Regulations 2017 (as amended) authorizing the specified activity/development to go ahead; or
 - b) evidence of site registration supplied by an individual registered to use a Bat Mitigation Class Licence; or
 - c) a statement in writing from the Natural England to the effect that it does not consider that the specified activity/development will require a licence.

Reason: To conserve protected species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s17 Crime & Disorder Act 1998 and to accord with Policy DP38 of the Mid Sussex District Plan 2014-2031.

4. No development shall be commenced until such time as plans and details have been submitted to and approved in writing by the Local Planning Authority showing the site set up during construction. This shall include details of all temporary contractor buildings, plant and stacks of materials, provision for the temporary parking of contractor vehicles and the loading and unloading of vehicles associated with the implementation of this development. Such provision once approved and implemented shall be retained throughout the period of construction.

Reason: To avoid undue congestion of the site and consequent obstruction to access and to accord with Policy DP21 of the Mid Sussex District Plan 2014-2031.

5. No demolition works shall commence until a Dust Management Plan has been submitted to and approved in writing by the Local Planning Authority. The plan shall include:
- Measures to suppress dust emissions (e.g., water spraying, sheeting, wheel washing);
 - Details of monitoring and complaint response procedures;

The approved measures shall be implemented throughout the demolition phase.

Reason: To protect the amenities of surrounding residential properties and to accord with Policy DP26 of the Mid Sussex District Plan 2014-2031.

6. Prior to the commencement of development approved by this planning permission (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), the following components of a scheme to deal with the risks associated with contamination of the site, shall each be submitted to and approved, in writing, by the Local Planning Authority:
- a) A preliminary risk assessment which has identified:
 - all previous uses
 - potential contaminants associated with those uses
 - a conceptual model of the site indicating sources, pathways and receptors

- potentially unacceptable risks arising from contamination at the site and unless otherwise agreed in writing by the Local Planning Authority,

b) A site investigation scheme, based on (a) to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site;

and, unless otherwise agreed in writing by the Local Planning Authority,

c) Based on the site investigation results and the detailed risk assessment (b) an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.

Reason: To ensure that the risks from land contamination to the future users of the land are minimised, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors.

7. No development above ground slab level shall be carried out unless and until a schedule of materials and finishes to be used for facing materials of external walls, roofs, windows and doors of the proposed dwellings have been submitted to and approved by the Local Planning Authority. The works shall be carried out in accordance with the approved details.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality and to accord with Policy DP26 of the Mid Sussex District Plan 2014 - 2031.

8. No development above ground slab level shall commence, unless and until detailed drawings, at an appropriate large scale, including sections, and annotated to show materials and finishes, of the following:

- windows, including depth of reveal
- external doors
- eaves detailing

has been submitted to and approved by the Local Planning Authority. The works shall then be carried out in accordance with the approved details.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality and to accord with Policies DP26 and DP34 of the Mid Sussex District Plan 2014 - 2031.

9. No development above ground slab level shall commence, unless and until a detailed hard and soft landscaping plan, to include elevations of new or altered boundary treatments and details of the materials to these and to the hard landscaping has been submitted to and approved by the Local Planning Authority. Hard and soft landscape works shall be carried out in accordance with the approved details. The works shall be carried out prior to the occupation of any part of the development or in accordance with a programme agreed with the Local Planning Authority. Any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species unless the Local Planning Authority gives written consent to any variation.

Reason: In the interests of visual amenity and of the environment of the development and to accord with Policies DP26 and DP34 of the Mid Sussex District Plan 2014 - 2031.

10. Prior to any works above slab level, a Biodiversity Enhancement Strategy for protected and Priority or threatened species, prepared by a suitably qualified ecologist, shall be submitted to and approved in writing by the Local Planning Authority.

The content of the Biodiversity Enhancement Strategy shall include the following:

- a) Purpose and conservation objectives for the proposed enhancement measures;
- b) detailed designs or product descriptions to achieve stated objectives;
- c) locations of proposed enhancement measures by appropriate maps and plans (where relevant);
- d) persons responsible for implementing the enhancement measures; and
- e) details of initial aftercare and long-term maintenance (where relevant).

The works shall be implemented in accordance with the approved details shall be retained in that manner thereafter.

Reason: To enhance protected, Priority and threatened species and allow the LPA to discharge its duties under paragraph 187d of NPPF 2024 and s40 of the NERC Act 2006 (as amended) and to accord with Policy DP38 of the Mid Sussex District Plan 2014-2031.

11. No work for the implementation of the development hereby permitted shall be undertaken on the site on Bank or Public Holidays or at any time other than between the hours 8 am and 6 pm on Mondays to Fridays and between 9 am and 1 pm Saturdays.

Reason: To protect the amenities of surrounding residential properties and to accord with Policy DP26 of the Mid Sussex District Plan 2014-2031.

12. The works shall be carried out in accordance with the Arboricultural Implications Assessment (dated December 2025) and Tree Protection Plan (TPP 01).

Reason: To ensure the retention and maintenance of trees and vegetation which is an important feature of the area and to accord with Policy DP37 of the Mid Sussex District Plan 2014 - 2031.

13. All mitigation measures and/or works shall be carried out in accordance with the details contained in the Bat Survey and Assessment Version V1 (Co-ecology, November 2025) and Preliminary Ecological Appraisal Version V1 (Co-ecology, November 2025), as already submitted with the planning application and agreed in principle with the Local Planning Authority prior to determination.

This will include the appointment of an appropriately competent person e.g. an ecological clerk of works (ECoW) to provide on-site ecological expertise during construction. The appointed person shall undertake all activities, and works shall be carried out, in accordance with the approved details.

Reason: To conserve protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s40 of the NERC Act 2006 (as amended) and to accord with Policy DP38 of the Mid Sussex District Plan 2014-2031.

14. The development shall be carried out in accordance with the drainage details set out in Drainage Strategy Technical Note (V1.1 dated 17th July 2025), the email of the 6th March regarding drainage - ownership and management of storage tank and drwg PL08 received 6th March 2026.

Reason: To ensure that the proposal is satisfactorily drained and to accord with the NPPF requirements and Policy DP41 of the Mid Sussex District Plan 2014 - 2031.

15. If during construction, contamination not previously identified is found to be present at the site then no further development (unless otherwise agreed in writing by the LPA), shall be carried out until a method statement identifying, assessing the risk and proposing remediation measures, together with a programme, shall be submitted to and approved in writing by the Local Planning Authority. The remediation measures shall be carried out as approved and in accordance with the approved programme. If no unexpected contamination is encountered during development works, on completion of works and prior to occupation a letter confirming this should be submitted to the Local Planning Authority. If unexpected contamination is encountered during development works, on completion of works and prior to occupation, the agreed information, results of investigation and details of any remediation undertaken will be produced to the satisfaction of and approved in writing by the Local Planning Authority.

Reason: To ensure that the risks from land contamination to the future users of the land are minimised, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors.

16. No part of the development shall be first occupied until the vehicle parking spaces have been constructed in accordance with the approved plan. These spaces shall thereafter be retained for their designated use.

Reason: To provide adequate on-site car parking and turning space for the development and to accord with Policy DP21 of the Mid Sussex District Plan 2014-2031.

17. No part of the development shall be first occupied until covered and secure cycle parking spaces have been provided in accordance with plans and details submitted to and approved by the LPA.

Reason: To provide alternative travel options to the use of the car in accordance with current sustainable transport policies and to accord with Policy DP21 of the Mid Sussex District Plan 2014-2031.

18. The development hereby permitted shall not be occupied/brought into use until there has been submitted to and approved in writing by the Local Planning Authority a verification plan by a competent person showing that the remediation scheme required and approved has been implemented fully and in accordance with the approved details (unless varied with the written agreement of the Local Planning Authority in advance of implementation).

Any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action shall be identified within the report, and thereafter maintained.

Reason: To ensure that the risks from land contamination to the future users of the land are minimised, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors.

19. Prior to occupation, a "lighting design strategy for biodiversity" in accordance with Guidance Note 08/23 (Institute of Lighting Professionals) shall be submitted to and approved in writing by the Local Planning Authority. The strategy shall:

a) identify those areas/features on site that are particularly sensitive for bats and that are likely to cause disturbance in or around their breeding sites and resting places or along important routes used to access key areas of their territory, for example, for foraging; and

b) show how and where external lighting will be installed (through provision of appropriate technical specifications) so that it can be clearly demonstrated that areas to be lit will not disturb or prevent the above species using their territory or having access to their breeding sites and resting places.

All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the Local Planning Authority.

Reason: To allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s40 of the NERC Act 2006 (as amended) and to accord with Policy DP38 of the Mid Sussex District Plan 2014-2031.

20. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 or as amended in the future, no enlargement, improvement or other alteration of the dwelling house, whether or not consisting of an addition or alteration to its roof, nor any other alteration to its roof, shall be carried out, (nor shall any building or enclosure, swimming or other pool be provided within the curtilage of the dwelling house) without the specific grant of planning permission from the Local Planning Authority.

Reason: To preserve the appearance and character of the locality and to accord with Policies DP26 and DP34 of the Mid Sussex District Plan 2014 - 2031.

Biodiversity Net Gain

This permission is considered to be one which **will require the approval of a biodiversity gain plan before development is begun** (which includes demolition) because none of the statutory exemptions or transitional arrangements are considered to apply.

Please see the information contained within the notes to applicants/agents set out below.

Informatives

1. The proposed development will require formal address allocation. You are advised to contact the Council's Street Naming and Numbering Officer before work starts on site. Details of fees and developers advice can be found at www.midsussex.gov.uk/streetnaming or by phone on 01444 477175.
2. No burning of demolition/construction waste materials shall take place on site.
3. Southern Water have restrictions on the proposed tree planting adjacent to Southern Water sewers, rising mains or water mains. Reference should be made to Southern Water's publication "A Guide to Tree Planting near water Mains and Sewers" (https://www.southernwater.co.uk/media/pddob0vn/ds-tree-planting-guide-1_nwm.pdf) and the Sewerage Sector Guidance (<https://www.water.org.uk/sewerage-sector-guidance->

approved-documents/) with regards to any landscaping proposals and our restrictions and maintenance of tree planting adjacent to sewers, rising mains and water mains.

4. In order to protect and safeguard the existing water supply apparatus, Southern Water requests formal notification of any proposed demolition works prior to such works being undertaken.

For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel: 0330 303 0119)

Website: southernwater.co.uk or by email at: SouthernWaterPlanning@southernwater.co.uk

5. You are advised that this planning permission requires compliance with a planning condition(s) **before development commences**. You are therefore advised to contact the case officer as soon as possible, or you can obtain further information from: <https://www.gov.uk/guidance/use-of-planning-conditions#discharging-and-modifying-conditions> (Fee of £145 will be payable per request). If you carry out works prior to a pre-development condition being discharged then a lawful start will not have been made and you will be liable to enforcement action.
6. In accordance with Article 35 of the Town and Country Planning (Development Management Procedure) (England) Order 2015, the Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Human Rights Implications

The planning application has been considered in light of statute and case law and any interference with an individual's human rights is considered to be proportionate to the aims sought to be realised.

Plans Referred to in Consideration of this Application

The following plans and documents were considered when making the above decision:

Plan Type	Reference	Version	Submitted Date
Tree Survey	TPP 01		18.12.2025
Tree Survey	TCP 01		18.12.2025
Location Plan	PL-01	A	20.11.2025
Block Plan	PL-02	D	06.03.2026
Proposed Site Plan	PL-03	D	06.03.2026
Proposed Floor and Elevations Plan	PL-04	C	06.03.2026
Street Scene	PL-05	B	20.11.2025
Other	PL-06	B	13.03.2026
Other	PL-08		06.03.2026
Existing Floor and Elevations Plan	PL-07		16.12.2025

A handwritten signature in black ink, appearing to read 'EO' followed by a stylized flourish.

Eric Owens
Interim Assistant Director Planning and Sustainable Economy

PEFULZ

APPEALS TO THE SECRETARY OF STATE

Notes for Applicants

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.

If you want to appeal against your local planning authority's decision then you must do so within 6 months (8 weeks in the case of advertisements, 12 weeks in the case of householder or minor commercial development) of the date of this notice *(see exceptions below)

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on Tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.uk.

- * If this decision relates to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.*
- * If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder appeal) of the date of this notice, whichever period expires earlier.*

Biodiversity Net Gain

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for the development of land in England is deemed to have been granted subject to the condition "(the biodiversity gain condition)" that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be Mid Sussex District Council.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply.

Statutory exemptions and transitional arrangements in respect of the biodiversity gain condition that apply in this instance

Development of a biodiversity gain site, meaning development which is undertaken solely or mainly for the purpose of fulfilling, in whole or in part, the Biodiversity Gain Planning condition which applies in relation to another development, (no account is to be taken of any facility for the public to access or to use the site for educational or recreational purposes, if that access or use is permitted without the payment of a fee).

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

The effect of section 73D of the Town and Country Planning Act 1990

If planning permission is granted on an application made under section 73 of the Town and Country Planning Act 1990 (application to develop land without compliance with conditions previously attached) and a Biodiversity Gain Plan was approved in relation to the previous planning permission ("the earlier Biodiversity Gain Plan") there are circumstances when the earlier Biodiversity Gain Plan is regarded as approved for the purpose of discharging the biodiversity gain condition subject to which the section 73 planning permission is granted.

Those circumstances are that the conditions subject to which the section 73 permission is granted:

- i) do not affect the post-development value of the onsite habitat as specified in the earlier Biodiversity Gain Plan, and
- ii) in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat the conditions do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier Biodiversity Gain Plan.

The effect of Paragraph 19 of Schedule 7A to the Town and Country Planning Act 1990

If the permission which has been granted has the effect of requiring or permitting the development to proceed in phases, the modifications in respect of the biodiversity gain condition which are set out in Part 2 of the Biodiversity Gain (Town and Country Planning) (Modifications and Amendments) (England) Regulations 2024 apply.

In summary: Biodiversity gain plans are required to be submitted to, and approved by, the planning authority before development may be begun (the overall plan), and before each phase of development may be begun (phase plans).

Purchase Notices

If either the Local Planning Authority or Secretary of States refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the District Council. This notice will require the Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
