To whom it may concern,

I wish to register my objection to this planning application. It offers no discernible value to the village or its surroundings. As it sits within the conservation area the proposal is not in keeping with other dwellings and I fail to see how it could be made so.

It would appear to be development for developments sake by an absentee landowner who would not derive any benefit from the development except to add value to the property and possibly add the infrastructure to pave the way for future more extensive development.

Kind Regards
