Reasons
for
comment:

Comment s:	I'm only objecting as I can't see any detail to comment on. A field shelter already exists so I'm not sure what is being proposed here. Is it an additional building, how big will it be, where is the planned location etc. I'm also not sure what the proposed construction of access track means - this is a field so don't know what this means ? I do note that there is a map. Please can I check the boundaries in red as I'm not sure these are accurate. Once there is more detail available to comment on I will consider the proposal.
