Subject: Planning Application No: DM/26/0843 - Outline application [means of access and layout] for 9 self build dwellings.

[REDACTED]tant

Dear Sir/Madam

I write in support of the above outline planning application to be located at Floran Farm, Hophurst Hill, Crawley Down, West Sussex.

As this proposal is for a modest number of dwellings [9] rather than the numerous dwellings being constructed nearby to the location I feel the proposal will be a benefit in comparison.

The location is well concealed and away from any nearby highway and thus does not impact visually.

Minimal/no affect is likely on any local amenities and access is safe and easily made.

No trees are likely to need felling.

This will be an excellent chance for prospective individual builder/owners to construct a dwelling in an interesting and singular way providing the area with enhanced attraction.

Regards
