Reasons for comment:	
Comments:	Re: Planning Application for Conversion of Girdle to Car Park and Outside Toilets at Saint Hill, East Grinstead
	Dear Sir/Madam,

I am writing to express my strong support for the above planning application.

As someone who regularly attends events at Saint Hill in East Grinstead, I greatly value the contribution these events make to the local community and the wider area. They attract a diverse range of visitors, create a sense of community, and provide a positive boost to local businesses.

However, parking is often a challenge due to the number of attendees. At busy times, it can be difficult to find suitable parking spaces, which in turn can cause congestion and inconvenience for visitors and local residents. The mud is a whole issue in itself, I have attended black tie events with wellies in hand! The proposed conversion of the field into a car park would provide much-needed additional parking capacity, ensuring that events can continue to be enjoyed in a safe, well-organised, and accessible way.

In addition, the inclusion of outside toilet facilities would be a welcome improvement, enhancing the comfort and convenience of all attendees. These amenities would help make events more family-friendly and inclusive, particularly for those travelling from further afield.

Overall, I believe the proposed development will have a positive impact, addressing existing issues while supporting the continued success of a venue that brings significant cultural and economic benefits to the area.

I therefore fully support this application and hope that it will be approved.

Yours Sincerely,
Lizzy Calcioli

Kind regards
